Discussions, Post-test

Speaker Biography

Christiane Perme, PT, CCS-E, FCCM, is the founder of Perme ICU Rehab Seminars, INC and serves as a Rehab Education Specialist at Houston Methodist Hospital, where she has dedicated more than 30 years of her career as a physical therapist exclusively in ICU. She is a Board Certified Cardiovascular and Pulmonary Clinical Specialist and holds the prestigious title of Fellow of the American College of Critical Care Medicine, the first physical therapist in the world to receive such recognition. In 2025, Mrs. Perme received the Safar Global Partner Award, awarded to an individual, hospital, or organization that expands the global reach of the Society of Critical Care Medicine.

Mrs. Perme specializes in early mobility in the ICU, focusing particularly on patients requiring mechanical ventilation. With 27 published articles and 10 book chapters, she is recognized as a leading authority in her field. Her expertise is emphasized by her authorship of the "Perme ICU Mobility Score" and the "Perme ICU Physical Therapy Competency".

As world-renowned speaker, Mrs. Perme has presented hundreds of courses and lectures in different countries, including the United States, India, Peru, Ukraine, Brazil, United Arab Emirates, Chile, Colombia, Puerto Rico, Germany, Denmark, Russia, Nigeria, Netherlands, Canada, and Spain.

Testimonials

“Mechanical Ventilation” Webinar

“Great visual examples of various vent settings and impact of vent settings on patient care, also great information of specific vent settings and how they apply to mobility in the ICU...”

“The course was AMAZING!!!”

“Clearly and simply defined the way the ventilator works for therapists.”

“The case study at the end tied everything together very well.”

“Chris' enthusiasm and encouragement are priceless, really motivating to go to work on Monday and apply what I learned today!”

“Fundamentals Of ICU Rehab” Webinar

“Chris is a GREAT course instructor! She presented ALL the information in organized & clear manner.”

“Great energy and kept audience engaged for the entire 2 days!”

“Very dynamic and passionate speaker.”

“Best course ever taken!”

“This course should be a requirement for every therapist prior to working in ICU.”

“Highly recommend this course.”

“I loved and appreciated the photos/videos. Thank you and thank you for your compassion.”

“Mechanical Ventilation: Key Concepts Explained Simply”

Webinar Description

Therapists play a critical role in the management of patients receiving mechanical ventilation. The content of this webinar is focused on essential information and includes an overview of basic concepts, invasive mechanical ventilation, non-invasive ventilation, and a case report applying learned concepts. This webinar will guide clinicians through the process of understanding the complexities of mechanical ventilation concepts in a simple and practical manner.
